mRNA as genetic medicines: the next-generation biologics toward ATMPs and vaccines

List of Speakers

Prof. Hiroshi Abe (Keynote Speaker)
Nagoya University

Assoc. Prof. Ji-Ho Park (Keynote Speaker)
Korea Advanced Institute of Science & Technology (KAIST)

Prof. Voravee P. Hoven
Chulalongkorn University

Prof. Tanapat Palaga
Chulalongkorn University

Assoc. Prof. Sarin Chimnaronk
Mahidol University

Assoc. Prof. Wang Nguitragool
Mahidol University

**Assoc. Prof. Patsharaporn
Techasintana Sarasombath**
Mahidol University

Dr. Panadda Dhepakorn
Department of Medical Science

Dr. Chotiawat Seephetdee
Mahidol University

Symposium Session

26 May 2025

9.00 - 16.30

Stang Mongkolsuk Meeting Room
Faculty of Science, Mahidol University (Phaya Thai Campus)

Free of charge (100 seats)

Lab Session

27 - 29 May 2025

9.00 - 16.30

MDL1 Laboratory, Chalermprakiat Building
Faculty of Science, Mahidol University (Phaya Thai Campus)

10,000 THB (50 seats)

Hands-on workshop

"How to Make mRNA Vaccines in 3 Days"

part of the symposium

**mRNA as genetic medicines:
the next-generation
biologics toward
ATMPs and vaccines**

May 27-29, 2025

09:00 - 16:30

Faculty of Science, Mahidol University (Phayathai Campus)

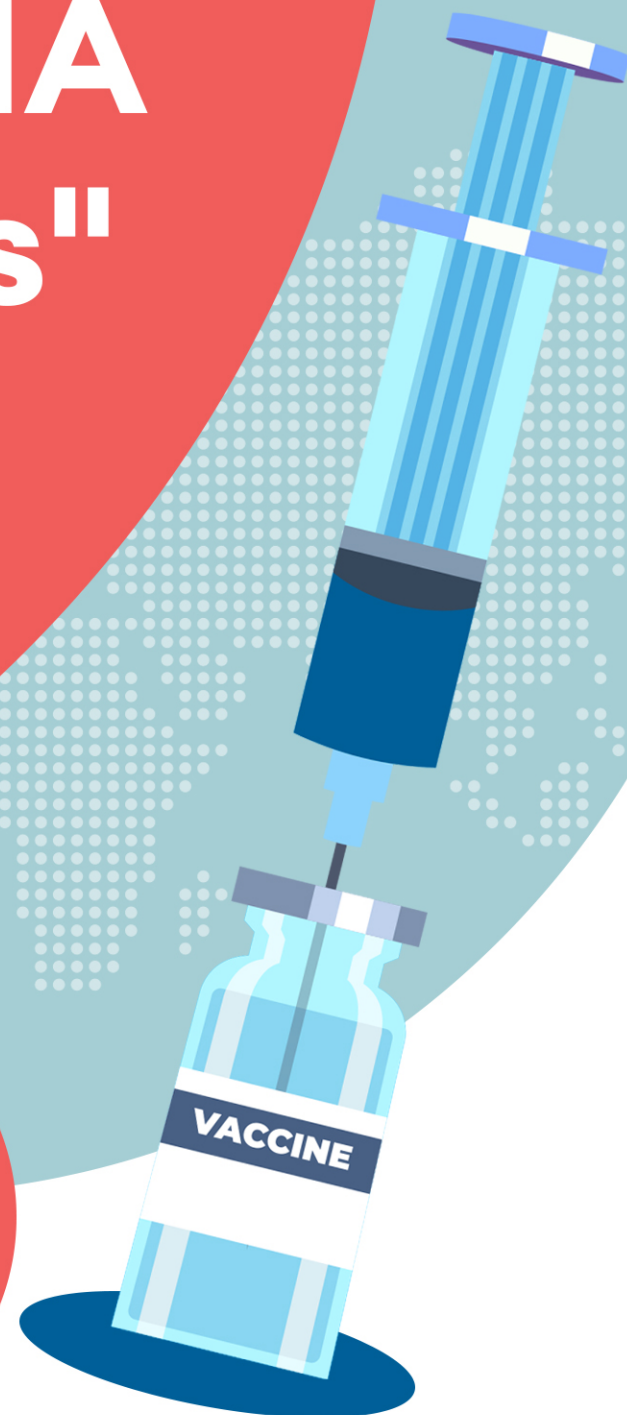

Registration Fee 10,000 THB

Limited to

50

participants

Workshop Highlights

Designing and synthesizing
mRNA vaccines

Encapsulation of mRNA
using NanoAssemblr™

Delivery of mRNA-LNP
into target cells
and flow cytometry analysis
